

St Bernadette's Malawi Partnership

Student sponsorship programme 2022-2025

Dear Parishioners and supporters,

The new committee have now had time to settle in and get into the nuts and bolts of all that is required to continue our partnership with the people of Namulenga and the parish of St Anne's and the schools and nursery provision there.

We have provided funds for the final year of those students who have been sponsored with **22** entering their final year.

In discussion with the Secondary Head Teacher Mercy Thozzer we have identified **34** students from within the school role who require help with their secondary school fees this coming year. Accounting for currency fluctuations and with lots of unknowns we have come up with a figure of **£40** per annum per student. Sponsors can agree to pay annually or in a lump sum and they will be given names and photographs and a little background into the young people they are sponsoring.

They will be able to send Christmas cards and keep in touch with the children via the partnership/school. As always prayer at both ends is very important also as this is a spiritual as well as a purely educational and financial partnership.

Many, many thanks for all of you who have sponsored before and who have given young people the chance to learn and thrive.

If you are interested in starting to become a sponsor or wish to continue...

Please fill in the tear off slip below and return to the box provided at the back of the church or to a committee admin team member: Also please pick up a bank mandate form and fill in and return to your bank indicating whether it will be paid annually or as a lump sum.
